When a USAR (not AGR) or ARNG (not AGR) NCO attending the DSA indicates possible misconduct on the DA Form 7424, that NCO’s respective command will make the final determination whether to remove them from the DSP.

Forward the review thru: Leader Training Brigade (LTB), Proponent Development Integration Division (PDID) (ATCG-MTT-D), 3216 Magruder Avenue, Fort Jackson, SC 29207-5315.

e. The DS Course consists of three phases. This allows greater flexibility to accommodate phase inserts. Candidates will have 18 months to complete all three phases. Phases must be completed in order 1, 2 then 3; no other sequence is accepted or authorized. Candidates who fail to complete the course within the 18 months will be considered a course failure and a DA Form 1059 will be generated to indicate those candidates as such. Candidates who fail course requirements will be required to start the course from the beginning as long as they were not removed from the DSP.

f. Submit recommendations for changes to the DS Course on DA Form 2028 (Recommended Changes to Publications and Blank Forms) through: Leader Training Brigade (LTB), Proponent Development Integration Division (PDID) (ATCG-MTT-D), 3216 Magruder Avenue, Fort Jackson, SC 29207-5315, for review and approval.

   d. HRC will grant authorization to recycle a DS Candidate (for failing to achieve course standards) on a one-time only basis. If the candidate still fails to achieve the standards after the recycle, the Commandant will remove the candidate from the DS Course in accordance with AR 614-200 and this regulation.

   e. The DSA Commandant may grant a one-time only fourth attempt to DS Candidates experiencing difficulty in one course area on a case-by-case basis. The DSA Commandant will make reassignment to the first available class that provides the candidate the opportunity to continue from the necessary block of training. Return the DS Candidate to training as soon as possible after the new-start is authorized. Candidates who have failed the fourth and final attempt will not be permitted a new start.

(4) Administrative issues, such as emergency leave, execution of a DA Form 4991 (Declination of Continued Service Statement), separation due to expiration term of service, promotion to Master Sergeant (MSG), or approved reclassification. (8) Medical reasons (including pregnancy), when the condition prevents the NCO from performing DS duties. NCOs released from a course of instruction through no fault of their own (such as medical or compassionate reasons) or resignation from the service will receive a DA Form 1059 in accordance with AR 623-3. The DA Form 1059 will not identify personal medical reasons or be referred to the unit Commander, item 11 (performance summary block) will be left blank, and item 14 (comments block) will fully explain the circumstances of the removal.

TRADOC Regulation 350-16

f. Procedures for removal action:

(1) The DSA Commandant will evaluate all DS Candidates recommended for removal from the course. In cases where the Commandant determines that removal is warranted, the following procedures apply:

(a) The DSA Commandant will provide the DS Candidate with written notice of the proposed action, basis for the action, consequences of disenrollment, right to submit rebuttal matters, and the right to appeal. The DS Candidate must submit rebuttal matters within 48 hours.

The DSA Commandant will review all appeals for accuracy and format before sending the removal packet to the approval authority in accordance with AR 614-200. The DSA Commandant will forward the entire appeal packet after completion to the approval authority. If the case involves removal of the DS Candidate from both the course and the DSP, the Commandant will execute the DS Candidate’s removal packet and then refer it to the ATC/CoE Commander with the recommendation to remove the DS Candidate from the DSP in accordance with AR 614-200.

(2) Intermediate levels of command will not delay the recommendations from reaching the approval authority. Not more than 72 hours will lapse between transmittal of the DSA Commandant’s recommendation and receipt at the approval authority. DS Candidates should remain in training until the approval authority notifies the Commandant of the final decision. Remove DS Candidates from training during the 72-hour timeframe if they are disruptive, interrupt the environment conducive to learning, or elect not to appeal the dismissal.

When matters involve judicial or non-judicial punishment, the AA Commander with jurisdiction should consult with the DS Candidate’s command to coordinate.
(5) The DSA Commandant will notify the BDE CSM of each DS Candidate’s removal from the course. A letter from the approval authority will specify the reason(s) for removal.

(6) The DSA Commandant will submit a copy of the removal packet for every DS Candidate removed from the course/DSP to: Commander, U.S. Army Human Resources Command (AHRC-EPD-D), 1600 Spearhead Division Avenue, Fort Knox, KY 40121.

(2) The DSA Commandant must act on appeals for DS Candidate removal actions and provide final decision to: Commander, U.S. Army Human Resources Command (AHRC-EPD-D), 1600 Spearhead Division Avenue, Fort Knox, KY 40121 within 20 calendar days from the date of the Soldier’s removal from the DSP in accordance with AR 614-200. Forward DS Candidate appeals not acted upon within the allotted time period (48 hours for AA and 30 days for USAR) to: Commander, U.S. Army Human Resources Command (AHRC-EPD-D), 1600 Spearhead Division Avenue, Fort Knox, KY 40121 for decision/action. Submit appeals requiring HRC action, as indicated above, to Commander, HRC (AHRC-EPD-D) within 20 calendar days of the date of the NCO’s removal from the DSP.

h. When the Commander, HRC directs removal from the DSP, the Headquarters, Department of the Army (HQDA), Office of the Deputy Chief of Staff, G-1 will act as the appeal and reinstatement authority. Submit these appeals to: Headquarters, Department of the Army, Office of the Deputy Chief of Staff, G-1 (DAPE-MPE), 300 Army Pentagon, Washington, DC 20310-0300 within 20 calendar days from the date of the NCO’s removal.

i. Process appeals submitted to the Commander, HRC and the HQDA Office of the Deputy Chief of Staff, G-1 through the senior general officer on the installation who is an appeal authority and is in the NCO’s chain of command.

j. A DS Candidate’s failure to complete a DS Course Phase in 9 weeks and are not considered “No Fault of Student” will result in academic removal in accordance with the DS Course management plan and this regulation.

k. USAR DS Candidates must complete the entire course (all three phases) within 18 months of the start date of phase one of the course.

l. Active Component DS Candidates that are released from the course for medical or hardship reasons after completion of Phase 1 or Phase 1 and Phase 2 will receive a “No Fault of Student” DA Form 1059 for the phase(s) completed and allowed to return to complete the phase(s) in order to receive a course completion DA Form 1059. The DSA Commandant will determine the potential of the DS Candidate to make up the missed training. All DS Candidates
must return and complete the course within 18 months of the start date of Phase one of the course.

2-7. Removal of DS Candidate from the DSP

   a. The Commander, U.S. Army Central Personnel Security Clearance Facility or Commanding General, TRADOC may remove DS Candidates from the DSP for cause before or during the DS Course. DS Candidates removed from the DSP are not considered for DS duty in the future. AR 614-200 and paragraphs 2-5 and 2-6 of this regulation establish reasons for removal and reporting procedures.

   b. The designated approval authorities to remove DS Candidates from the DSP are the respective ATC, CoE, or USAR Training Division (IET) Commanders. Commanders may delegate this authority to subordinate Commanders in the grade of Colonel or higher with removal authority.

   c. The approval authority will promptly review the circumstances of the case and decide upon the DS Candidate’s removal from the DSP. The entire action, from the DSA submittal to the approval authority disposition, will not exceed 5 training days.

   d. The DSA Commandant will notify the BDE CSM of each DS Candidate’s unit of their recommended removal from the DSP when removed from the DS Course. The approval authority will make notification through a letter specifying the reason(s) for removal.

   e. The DSA Commandant will submit a copy of the removal packet for every DS Candidate removed from the DS Course/DSP to: Commander, U.S. Army Human Resources Command (AHRC-EPD-D), 1600 Spearhead Division Avenue, Fort Knox, KY 40121; and Leader Training Brigade (LTB), Proponent Development Integration Division (PDID) (ATCG-MTT-D), 3216 Magruder Avenue, Fort Jackson, SC 29207-5315.

   f. The DSA Commandant will administer a 100 percent urinalysis to AA, USAR, and ARNG DS Candidates within three training days after reporting to the DSA. Process and collect the specimens in accordance with AR 600-85 and U.S. Army Drug and Alcohol Operations Agency standing operating procedure. Remove NCOs with a confirmed positive urine test from performing DS duties or in DS Candidate status in accordance with AR 614-200.

   g. Soldiers removed from DSP for pregnancy will receive additional instructions to report to DS duties or school, as applicable, normally 6 months after anticipated delivery, unless Soldier had completed 18 months or more status when removed.

2-8. Assignment and use of DS Candidates

   a. Unit commanders will ensure DS Candidates have no personal, financial, or medical issues that would prevent successful completion of DS tour of duty. If the unit commander finds the DS Candidate is not prepared to attend the DSA as scheduled (for example, a limiting physical profile, overweight, etc.), the Commander will arrange for class deferment with the installation
DS strength manager. The commander will decide whether to eliminate the DS Candidate from the DS Course/DSP if the candidate is still not prepared to attend the next available class.

b. When a DS Candidate is assigned to a training unit, the unit will:

   (1) Assign a DS Sponsor to DS Candidates (AA, USAR, or ARNG) to help prepare the DS Candidate for the DS Course and monitor their activity in the unit. The DS Sponsor will ensure that DS Candidates obtain/attend the appropriate certification requirements applicable to the installation before attending the DS Course (for example, driver’s safety, range safety, etc.). The Sponsor will continually check the DS Candidate’s progress while in the DS Course.

   (2) Never place the DS Candidate in a position that allows the DS Candidate total control of or responsibility for IET Soldiers. This includes, but is not limited to, counseling Soldiers, or acting in the capacity of primary instructor. DS Candidates may be permitted to march Soldiers in formation under the supervision of their DS Sponsor. DS Candidates may accompany a DS (Sponsor) in the performance of the following duties:

      (a) Charge of quarters.

      (b) Staff duty NCO.

      (c) Sergeant of the guard.

      (d) Commander of the relief.

c. DS Candidates must meet the following requirements during their assignment. They will:

   (1) Spend the maximum amount of time preparing for the DS Course by closely observing unit training and participating in as many training activities as time allows.

   (2) Accompany a DS Sponsor in the performance of the duties listed above.

2-9. Relief from DS duties

   a. ATC/CoE and separate Brigade Commanders, or their appropriate equivalent, may remove AA NCOs from the DSP (while in DS Candidate status or while assigned DS duties). See AR 614-200 for specific reasons for removing NCOs from the DS Course, DSs from their duties and the DSP, and withdrawing the SQI X. The approval authority designated to remove a USAR DS from the DSP is the USAR Training Division (IET) commander in accordance with AR 140-10. Upon mobilization, a USAR DS is subject to the removal provisions of AR 614-200. The Commander may delegate this authority to the USAR Training Division (IET) Adjutant General, but no lower. Removal authority is the grade of Colonel or higher, including Commanders/Commandants of other services.

   b. DSs may have their badge revoked in accordance with AR 600-8-22 and AR 614-200. Revocation of the badge may result in the withdrawal of the SQI X.
c. Reassign DSs removed from DS duties for cause, except for medical reasons (such as illness or injury), to other duties that do not include contact with IET Soldiers. For further guidance on disposition of DSs suspended from DS duties, see AR 614-200.

d. For disposition of a DS when a serious incident occurs requiring an investigation, see AR 614-200. Guidelines for continuation of special duty assignment pay (SDAP) for NCOs temporarily reassigned and undergoing investigation are found in AR 614-200.

2-10. DS assignment, use, and tour of duty

a. DS Course graduates assigned in DS positions are authorized SDAP-4 (to include USAR performing DS duties for annual training, or on active duty for training missions) upon graduation from the DSA. DS qualified First Sergeants (1SGs) and MSGs filling a Chief Instructor (CI) position at the DSA are also entitled to SDAP-4. Army DSs are eligible to advance to SDAP-5 after successful completion of their unit’s DS certification program (see para 2-10 of this regulation), 12 months service as a DS, and the Company Commander’s favorable recommendation and endorsement. DSs will receive SDAP-4 effective the date assigned to an authorized DS position.

b. Commanders/Commandants will not assign DSs to perform major additional duties that divert them from their primary duties as a DS. Commanders/Commandants must exercise sound judgment when assigning DSs additional duties. Below are examples of additional duties that can/cannot be assigned to DSs. The examples are not all-inclusive and are only intended to help guide the Commander/Commandant during the decision-making process.

(1) Authorized additional duties: company chemical, biological, radiological and nuclear NCO, physical security NCO, arms room NCO, and equal opportunity representative.

(2) Unauthorized additional duties: operations/training NCO, Supply Sergeant, gate/access control guard (unless in support of family day/graduation or a major security incident), crossing guard (unless in support of training), or bus driver (unless in support of training that will occur outside of the installation’s Training Management Office supported hours).

c. When a DS is assigned to a non-DS position for 90 days or longer, SDAP is lost for the length of time assigned in the non-DS duty position. An exception to this policy is when a specific operational tasking (outside the IET environment) requires assignment of a DS, currently serving as an AA/USAR DSs, then SDAP will continue.

d. A unit without an assigned 1SG may temporarily appoint a DS (in the grade of SFC) to the 1SG position, for a period not to exceed 90 days. The DS must maintain their primary position as a DS in order to continue to receive SDAP.

e. All DSs (AA or USAR) serving in the Reception Battalion should be among the top 20 percent of DSs across the enterprise. All DSs selected for assignment to the Reception Battalion will be recommended by their current brigade CSM/DSA Commandant and interviewed by the Reception Battalion CSM before assignment to the Reception Battalion to maintain the proper balance of experienced and professional DSs for processing trainees. DSs will not be assigned
to a Reception Battalion without having successfully served at least 12 months as a DS in a BCT, OSUT, or AIT Company.

f. Only one DS in the rank of Sergeant will be assigned per platoon.

g. Successful graduates of the DS Course incur a 24 month obligation for DS duty. NCOs (AA, USAR, and ARNG) must take appropriate action (reenlist or extend) to meet the length of service requirement prior to attending the DS Course.

h. AA DSs currently on assignment may interview to be selected for Drill Sergeant Leader duty as early as 6 months and no later than 20 months into their DS assignment.

i. AA DSs assigned as DSs to execute IET leader and cadre training programs, such as the TRADOC Pre-Command Course and Company Commander/First Sergeant Course, may extend for an additional six months beyond the current 36 month assignment, not to exceed a total of 42 months.

j. The DSOYs will receive SDAP for the duration of their assignment, not to exceed a total of 42 months of SDAP.

k. AA BCT/OSUT/AIT Brigades will provide Drill Sergeant Leader Candidates (DSLCs) to the DSA in accordance with HRC manning requirements.

l. Commanders who have DSs assigned will implement and inspect their DS work to rest cycles to ensure risk mitigation. This requirement is for all training and continuous operations exceeding 18 hours to include, but not limited to, charge of quarters, staff duty, and field training exercises.

2-11. DS certifications

a. Combatives.

(1) BCT Battalions will maintain a minimum of two Tactical Combatives Course certified DSs per company in order to facilitate combatives training for trainees.

(2) OSUT Battalions will maintain a minimum of two Tactical Combatives Course certified DSs per company, with at least two Master Combatives Trainer Course certified DSs in the battalion, in order to facilitate certification of Basic Combatives Course for trainees.

(3) AIT Battalions will maintain a minimum of one Tactical Combatives Course certified DSs per company, with at least two Master Combatives Trainer Course certified DSs in the battalion, in order to facilitate certification of Basic Combatives Course for trainees.

b. AIT Battalions will ensure all their Drill Sergeants are certified Master Resiliency Trainers.

c. Commanders will certify DSs each time the BCT/OSUT/AIT POI is changed. Commanders may use the IET cadre to administer the certification.
2-12. Reporting requirements

a. The DS manager at each installation will submit an AA DS Report by grade and military occupational specialty to the TRADOC DSP manager via computer program on a monthly basis by the 6th day of each month.

b. The DSA Commandant will submit a report for each class to: USACIMT (ATMT), 210 Dillon Circle, Fort Eustis, VA 23604-5701. The DS Course and DSRC are separate courses requiring a separate report for each class.

c. ARNG students, other service students (Marine Corps, Navy, Air Force, Coast Guard), and international military students attending the DS Course or DSRC must be recorded on the report. Place information on this report including name, rank, unit/country/travel order number/time in service, date completed course, and/or date a reason being released from the course. Submit completed report to: USACIMT (ATMT), 210 Dillon Circle, Fort Eustis, VA 23604-5701.

2-13. U.S. Army Drill Sergeant Academy (DSA) organization

a. The DSA is approved by USACIMT and will teach the approved DS Course POI.

b. The DSA Commandant, Deputy Commandant and CIs must be DS qualified. The CIs will be a 1SG or hold the rank of MSG. In the absence of a qualified MSG, the CI position may be filled with a qualified SFC contingent upon proponent approval.

c. The DSA will maintain a minimum of 12 female DSLs.

2-14. DS assignment ratios

TRADOC installations are resourced DS requirements based upon the following:

a. BCT/OSUT. Assign 16 DSs per company (4 per platoon) in order to sustain a ratio of one DS to a maximum of 12 Soldiers in training. A minimum of one female DS per platoon and no less than four per company. Minimum of one officer per platoon to sustain a ratio of 1:12 leader-to-led.

b. AIT. The AIT DS to Soldier ratio is 1:20. Female DS authorizations are based on the total number of DS authorizations of the company. To determine the number of female DSs required in a company divide the total DS authorizations for the company by 9, multiply the result by 2, and then round the final result to the nearest whole number. For example, a company is authorized 20 DSs: $20/9 = 2.2; 2.2 \times 2 = 4.4; 4.4$ rounded = 4 female DSs; a company authorized 20 DSs requires a minimum of 4 female DSs and 16 male DSs.

c. DSA. Will staff DSLs in accordance with the instructor manpower model.
d. The Pre-Command Course and Cadre Training Course are authorized the use of DSs, and will coordinate with the DSA for the use of DSLs for those blocks of instruction requiring a DS perspective.

2-15. **AA DS military occupational specialty (MOS) structure**
The DS MOS structure and assignment of DS at TRADOC installations are as follows (not for USAR):

a. In BCT, 25 percent of DS requirements/authorizations are from CMF 11, 25 percent are from other Combat Arms MOSs, 25 percent are from Combat Support MOSs, and 25 percent are from Combat Service Support MOSs. Installations conducting BCT are authorized four female DSs in each training Company, to include the Reception Battalion.

b. In Combat Arms OSUT (11B/C; 19D/K), 100 percent of the DS requirements and authorizations are from the CMF trained. There will be a minimum of four female DSs per Company. When the Army provides a female DS with a CMF/MOS not documented on the Installation's TDA, Installations can document their TDA female positions with any available MOS until such time that females with the specific CMF/MOS become available for DS duty.

c. In Combat Support/Combat Service Support OSUT (12B/C; 31B), 100 percent of the DS requirement and authorizations are from the CMF being trained. If trained CMF cannot fill all DS authorizations, they can be augmented with Combat Arms CMF (11, 19, and 13), not to exceed one per Platoon. There will be a minimum of four female DSs per Company. When the Army provides a female DS with a CMF/MOS not documented on the Installation's TDA, Installations can document their TDA female positions with any available MOS until such time that females with the specific CMF/MOS become available for DS duty.

d. ATC/CoE Commanders will determine the DS CMF structure within fitness training units and Reception Battalions using MOSs authorized at their Installation and the approved TRADOC staffing guidance for Reception Battalions/Fitness Training Units. These DSs must have at least one year of DS duty prior to being assigned to Reception Battalions or Fitness Training Units.

e. Code the personnel identification column "I" (interchangeable) on the authorization document for all non-combat arms MOSs.

2-16. **DS uniform requirements**

a. The regular working uniform for DSA Commandant, Deputy Commandant, CIs, DSLs and DSs consists of the Army Combat Uniform (OCP) and Campaign/Bush Hat.

b. The DSA Commandant, Deputy Commandant, CIs, DSLs and DSs will wear the Campaign/Bush Hat with the Army Green Service Uniform (AGSU) on appropriate occasions.

c. DS Candidates are awarded the Campaign/Bush Hat and Drill Sergeant Identification Badge upon graduation from DS Course.
d. The DSA Commandant, Deputy Commandant, CIs, DSLs and DSs will wear a white band
on the Ballistic Helmet.

e. The DSA Commandant, Deputy Commandant, CIs, DSLs and DSs will wear the blue
physical training reflective vest. A white name tape with black block letters (in accordance with
AR 670-1, 1-inch wide name tape with ¾-inch high black block letters) will be worn on the front
and back of the reflective vest (centered on the first row of reflective tape). ATC/CoE
commanders may change the color of the physical training reflective vest worn by their DSs,
provided uniformity across the ATC/CoE is maintained.

f. The DSA Commandant, Deputy Commandant, CIs, DSLs and TRADOC AA and RC
DSOY will wear the DS Pistol belt. The TRADOC AA and RC DSOY will also wear the DS belt
buckle.

Chapter 3
DSP Quality Assurance Program

3-1. Guidelines
USACIMT, through LTB, is responsible for establishing and maintaining a standardized, relevant, efficient, and effective DSP. This responsibility requires the application of internal and external evaluations in order to obtain Army accreditation, and to assist the DSA in its education and training mission.
3-2. Quality Assurance

a. The DSPP will:

(1) Keep the chain of command informed on the status of the functions within the doctrine, organization, training, materiel, leadership and education, personnel, facilities, and policy domains that promote and maintain a DSA of excellence.

(2) Provide assistance in the evaluation and validation of the DS Course to include, but not limited to, management procedures, production process, conduct of training and course support.

(3) Document the verification that DS Course/DSRC instructors meet qualifications and are certified to teach the course in accordance with the DS Course and DSRC POIs. Verify the instructor established selection, qualification, and certification procedures are in compliance with established guidelines for the DS Course/DSRC.

(4) Validate that DSA education and training is presented in accordance with the TRADOC DS Course/DSRC provided courseware to include the POI, lesson plans, CMP, and ISAP.

(5) Oversee the DS Course/DSRC programs to ensure:

(a) DS Course/DSRC meet AR 614-200 prerequisites.

(b) DS Course academic evaluation reports (DA Form 1059) are prepared and completed in accordance with AR 623-3.

(c) DS Course release and appeal processes and procedures are in place and used appropriately.

b. The LTB Quality Assurance Office (QAO) will:

(1) Verify the entire training development and instructional workload in the appropriated automation workload support system.

(2) Ensure tests are controlled and administered in accordance with TR 350-70 and DS Course/DSRC test administration guidelines.

(3) Supervise the conduct of DSA self-assessments (internal evaluations).

(4) Ensure the applicable accreditation standards are met in the DSA.

3-3. Conduct of evaluations

Evaluations are the proponent’s quality control mechanisms for the DSA and a primary function of the Quality Assurance Program.

a. Evaluations:
(1) Identify deficiencies and efficiencies in DSA operations and processes (to include conduct of training and training support when appropriate), education and training implementation, products, and material.

(2) Determine the value, content, validity, and effectiveness of the DSA education and training.

(3) Provide the means for the DSA to assess and improve the provided education and training, management, and products.

(4) Include internal and external evaluations and accreditation.

b. Conduct of internal evaluations. Internal evaluations include daily/routine quality assurance/quality control measures within the management and conduct of DSA, as well as formal self-assessment against the TRADOC accreditation standard in accordance with TR 11-21. Use internal evaluations to:

(1) Evaluate the DSA management and provide education and training.

(2) Improve the quality and effectiveness of the DSA.

(3) Identify weaknesses/problems, as well as strengths of the DS Course/DSRC to include training development and instructional systems.

c. Conduct of external evaluations. External evaluation is the process that provides the DSA the means to determine if the education and training received meets the needs of the Army. Acknowledgement by commanders/commandants of external evaluations ensures that the DSA will efficiently and cost-effectively produce DS graduates who meet established job performance requirements in accordance with the DS Course/DSRC POIs. Evaluations determine if the DS needs training or meets the requirements outlined in the course material. External evaluations are a quality control and improvement process, ensuring DS meet established job performance requirements. External evaluations include, but are not limited to:

(1) Managing training feedback programs (that is, providing feedback to improve education and training and supporting products). Proactively acquire feedback from course graduates/first line supervisors and studies.

(2) Determining if DSs were trained to perform individual DS critical tasks to prescribed standards in accordance with the DS Course/DSRC maps.

3-4. DSA accreditation

The TRADOC QAO will perform the visits and functions for the Army’s accreditation program. Accreditation is a quality assurance program function to assure the USACIMT and ATC/CoE commanders that their DSs meet the competency needs of today’s Army in accordance with TR 350-70. The program is a forcing function used to focus on the state of the DSP and DSP processes and measure them against the Army Enterprise Accreditation Standards.
3-5. DSA self-assessments
A self-assessment serves as a catalyst to improve communication both internally and between external HQ and the proponent. Self-assessment reports are prepared and submitted to the QAO in advance of the school’s accreditation. The DSA will prepare a self-assessment of its operations in accordance with paragraph 3-3 of this regulation and provide a copy to the DSPP in preparation for their accreditation.

Chapter 4
Drill Sergeant Recertification Course (DSRC)

4-1. General
This chapter provides guidance for conducting the DSRC for qualified NCOs returning to DS status. The recertification training, outlined in the DSRC and this chapter, will be complete prior to initiation of SDAP. Any Drill Sergeant Returnee (DSR) who has not performed duties as a DS for a period of 12 months or longer will attend the two-week DSRC before assuming DS duties.

a. Do not implement changes or deviations to the DSRC without the written approval of the Commanding General, USACIMT.

b. The DSPP will act as the proponent and approval authority for the content and execution of the DSRC. The DSPP is responsible for keeping the DSRC current.

c. The DSRC is conducted in accordance with the DSRC material using small group instruction (squads consisting of 8 to 16 assigned candidates). DSLs will lead and instruct their squads throughout the course (two DSLs per squad).

d. The DSA Commandant will monitor the execution of the DSRC and report candidate attrition during each class to: USACIMT (ATMT), 210 Dillon Circle, Fort Eustis, VA 23604-5701.

4-2. Training
NCOs who complete a successful tour as a DS must serve not less than 36 months in a valid career progression table of organization and equipment assignment before re-entering the DSP and attending the two-week DSRC in accordance with AR 614-200.

a. All NCOs returning to DS duty, regardless of component, must attend DSRC training at the DSA. The DSA will conduct the following certification training and issue a DA Form 87 (Certificate of Training) upon successful completion of the following:

(1) Conduct the DSRC to ensure DSRs have the opportunity to pass all performance exams with a minimum score of 70% on their TRADOC Form 600-21-1 (Instructor Observation Rubric).
(2) Instruct the DSRC to ensure DSRs have the opportunity to achieve a minimum score of 70% on their TRADOC Form 600-21-1 on all methods of instruction presented.

(3) Evaluate DSRs on leading a minimum of one PRT session.

b. See the DSRC POI for additional training requirements of recertification training.

4-3. Special duty assignment pay for DSRC
After completion of recertification training, the DSA Commandant/Battalion Commander will submit a copy of the DSR’s DA Form 87 for the DSRC and a memorandum requesting award of SDAP to the Installation DS manager. The Installation DS manager will process the request in accordance with local procedures and forward to the Defense Finance and Accounting Office to reinstate the DSR’s SDAP. For USAR DSRs, submit DA Form 4187 (Personnel Action) through the DSR’s chain of command to: 108th Training Command (IET), Deputy Chief of Staff for Personnel G-1 (AFRC-TNC), 1330 Westover Street, Charlotte, NC 28205.

4-4. Recertification
Maintain records of recertification training for each DSR on the record of training plotter found in the DS Candidate’s CMP at the DSA or battalion S-1 for a minimum of 2 years.

Chapter 5
