Supplement Army Regulation 11-31, as follows-

Add to paragraph 1-6f: “When TRADOC general officers or senior executive service personnel engage senior foreign leaders, it is a distinguished foreign visit (DFV), both in the U.S. and abroad. DFVs allow senior Army leadership to exert personal influence to further 10 USC responsibilities; support geographic combatant command (GCC) and Army security cooperation (SC) goals; enable the Army to convey the appropriate Army strategic messages helping to shape the current and future security environment; and build and maintain relationships with international partners. As such, TRADOC’s International Army Programs Directorate (IAPD) will be notified of DFV and senior leader foreign travel abroad to assist with Army service component commands (ASCC) coordination and achieve synergy with other U.S. Army activities.”

After paragraph 1-8g, add the following subparagraphs:

“h. TRADOC organizations will notify IAPD prior to any general officer/senior executive service-level DFV with senior foreign officials.

i. IAPD staff will assist in contacting the appropriate personnel at the ASCC to ensure coordination is achieved. IAPD staff will also assist in linking engagement goals and objectives with theater campaign plans and Army campaign support plans to create synergy with GCC/ASCC efforts where possible. TRADOC liaison officers assigned to IAPD and located at ASCCs and select foreign countries will help focus and facilitate TRADOC senior leader engagements.”

After paragraph 1-9f, add the following subparagraph:

“g. TRADOC organizations will document and assess DFVs using the TRADOC Strategic Engagement Manager (SEM) within 10 working days of DFV completion. SEM is a web-based application that provides an integrated way to plan, manage, track, and assess strategic engagements in support of desired TRADOC communication outcomes. SEM is located at <https://sem.tradoc.army.mil>.”
